

	<u>Speaker</u>	<u>Title</u>
Jan. 10	Jill Yager, Ph.D. Professor Depart. Biology and Environmental Sci Antioch College	Hidden Biological Treasures: The ecology of a submerged cave in the Yucatan Peninsula of Mexico.
Jan. 17	Gregory Zimmerman, Ph.D. Associate Professor, Chair Depart. of Biology Lake Superior State university	"Ecology of coarse woody debris in UP forests"
Jan. 24	Lori Pile, Ph.D. Assistant Professor Department of Biological Sciences Wayne State University	Cell Cycle Progression Meets Mitochondrial Bioenergetics: A Study of Regulation by the SIN3 Histone Deacetylase Complex
Jan. 31	Jianping Hu, Ph.D. Assistant Professor Department of Plant Biology Michigan State University	Plant peroxisome: proliferation and signaling
Feb. 7	Pat Doran, Ph.D. Aquatic Ecologist The Nature Conservancy Michigan Field Office (Lansing, MI)	
Feb. 14	Mike Czerwinski Graduate Student Biology Department Central Michigan University	Regulation of RNP foci in arrested oocytes in <i>C. elegans</i>
Feb. 19 (TUES)	Ryan Dzedzic Graduate Student Biology Department Central Michigan University	Differential habitat use by migrants along the shoreline Saginaw Bay
Feb. 21	Rachel Kropiewnicki Graduate Student Biology Department Central Michigan University	Going the Distance: Population structure of the Eastern Massasauga rattlesnake in Michigan's lower peninsula
Feb. 28	Molly Jud Graduate Student Biology Department Central Michigan University	Stressed Out Without Sperm? RNP foci in <i>Caenorhabditis elegans</i> contain stress granule proteins and P body proteins and form in response to environmental stress
Mar. 6	Spring Break	

Mar. 13	Erik McDonald Graduate Student Biology Department Central Michigan University	"Using Growth, Diet, and Distribution of Larval Fishes as Tools for Assessing Habitat Quality Within the Detroit River."
Mar. 20	Clay Buchanan Graduate Student Biology Department Central Michigan University	American Martan Microhabitat solution in a hardwood dominated forest
Mar. 27	Stephanie Sell Graduate Student Biology Department Central Michigan University	TBA
Apr. 3	Dan O'Keefe, Ph.D. Southwest District Extension Educator Michigan Sea Grant Michigan State Universtiy Extension	TBA
Apr. 8 (TUES)	Erica Clark Graduate Student Biology Department Central Michigan University	Survey of Avian Influenza Virus in Michigan
Apr. 10	John Vucetich, Ph.D. Assistant Research Professor Forest Resources & Environmental Sci Michigan Technological University	TBA
Apr. 17	Gregory Forbes, Ph.D. Education Director Mich Sci Evolution Education Initiative Grand Rapids Community College	Evolution in the Classroom (tentative title)
Apr. 22 (TUES)	Mike Pressler Graduate Student Biology Department Central Michigan University	TBA
Apr. 24	Derrick Aday, Ph.D. Assistant Professor Department of Zoology North Carolina State University	TBA
